

Dhayanithi Ramaraj

Project Coordinator

UK (open to relocate) | +44 7776 361081 | dhayanithir23@gmail.com | LinkedIn | Portfolio

Summary

Project Coordinator with **2+ years** supporting project delivery across cross-functional teams: tracking milestones, risk, and budgets across several projects running at once, and handling client-facing communication day to day. Comfortable working across Agile, hybrid, and waterfall setups. On-time delivery across three roles and three self-run projects, plus a **25%** cut in report turnaround along the way. University of Sheffield graduate, currently completing PRINCE2 Foundation.

Skills

Project Coordination: Project Documentation, Scheduling and Workflow Records, Status Reporting, Risk Identification, Milestone & Finance Tracking

Client & Stakeholder Management: Client Requirements, Client Service, Professional Relationship Building, Stakeholder Presentations, Internal and External Communication

Tools & Methods: Jira, Confluence, Microsoft Project, Agile, Scrum, Waterfall, Hybrid, SQL, Power BI

Ways of Working: Budget Management, Resource Management, Change Management, Organisational Skills, Multitasking, Adaptability

Experience

Cover Supervisor (Full-Time) – GSL Education, UK

Nov 2024 – Present

- Resolved same-day escalations across **5+ partner schools** by acting as first point of contact for staff each shift, without a single one carrying over to the next shift.
- Balanced multiple workflows moving at the same time under same-day pressure, checking progress often and telling senior leadership about problems before they got worse.
- Kept documentation and workflow records accurate for **100+ students** every week, managing staffing resources so coverage held through last-minute schedule changes, without a single gap in **21 months**.

Cyber Security and Ethical Hacking Internship – Edureka (Remote)

Jan 2024 – Jun 2024

- Made technical findings accessible to non-technical stakeholders across different time zones by reviewing **5+ case studies** for quality and writing up each one in plain language.
- Organised cybersecurity reporting across **2+ remote teams** by coordinating the process and cataloguing every tool used.
- Presented findings without missing a single deadline by leading a team and building working knowledge of **4+** cybersecurity terminologies along the way.

Data Analyst Intern – Capgemini

Feb 2022 – Apr 2022

- Tracked progress across **8 Agile sprints** without a missed deadline, while coordinating input from **50+ stakeholders**.
- Maintained documentation, status reports, and schedules across all **8 sprints**, adjusting workloads as priorities changed.
- Cut report delivery time by **25%** by rebuilding the reporting process in **Power BI** and **Tableau**, then leading the change management to get the team on board.

Projects

Household Budget Project

Jan 2026 – Mar 2026

- Cut monthly household spending by **24.9%** over **12 weeks**, beating a 15% target, by writing a project charter, tracking spending weekly, and closing out with a final report.
- Checked **7** recurring subscriptions, cancelled or downgraded **4** of them, and cut **£51.77** off the monthly bill, writing down the reason for each decision.

Home Workspace Agile Redesign

Mar 2026 – Apr 2026

- Redesigned a home workspace by splitting an **18-item backlog** into **5 epics** and running them through sprints on a live Kanban board, with a retrospective every week to catch what wasn't working.
- Held sprint speed at a **93%** average across all sprints, managing resource limits as they came up and replanning any task that depended on an outside vendor before the next sprint began.

Career Transition Project

May 2026 – Ongoing

- Ran an active job search like a formal project, building a charter with clear success targets, an **11-company** application tracker, a stakeholder log, and weekly status reports along the way.
- Tracked interview conversion against a **15%** target using a live risk log, and leaned on warm referrals over cold applications to avoid a low response rate.

Education

University of Sheffield, UK – M.Sc. Psychology and Education (Conversion), **First Class**

Sep 2023 – Sep 2024

NIT Puducherry, India – B.Tech Computer Science Engineering, **First Class**

Jul 2018 – May 2022

Certifications

PRINCE2 Foundation (In Progress) | ISO/IEC 27001:2022 Lead Auditor | IBM Data Analyst Professional Certificate, Coursera | AWS Cloud Practitioner Essentials
